Ralph and Bertha Hazelton

Celebrating our 76 years together

By Ralph & Bertha Hazelton
We were married on September 20, 1941 - however, we've known each other for over 79 years as we met in the summer of 1938 when we were 17. We were both born in 1921, and we are now 95 and 96. In two months we'll both be 96.

Now in our golden years, we still enjoy each other every day. We are still each other's best friends, and each morning we look forward to spending our day together. We still say, "Please" and "Thank you" to each other many times a day. The love we share is even deeper than when we were 17!

Every Saturday morning, after our breakfast in town, we enjoy walking around the town square. We love it when we hear a horn honking at us, or when you holler out at us as you're driving by. The horn doesn't scare us, and we may not hear what you say when hollering, but we wave letting you know we love how you cheer us on. We especially love seeing all the young people, the parents with their children, having such a good time with the many different events on the square each Saturday this summer. We can tell the

kids really enjoy having something special just for them. Watching and talking to them brings back so many wonderful memories we too enjoyed in our earlier years with our own children. That's a great way to build strong families when parents and children do things together.

We've had so many life-experiences together these last 76 years!

We'd like to encourage you to create your own life's experiences together! You won't always agree; be determined to disagree, agreeably. Everything you say to one another will either strengthen, or weaken your marriage; choose which it will be! Be willing to work together thru the hard financial times, and work together thru the hard marital times. You will have both, but working together, you can make them only a "bump in the road" if you choose. During the hard times try to work with, not against, each other. Two people with different ideas CAN make a great marriage. It takes work, hard work, be determined to work together. Speaking from 76 years together, it is truly worth the effort. We encourage you to make your own marriage a wonderful legacy.

Stallings, Jacobson engagement

Emily Stallings, Matthew Jacobson

Mr. and Mrs. John Stallings of Burnsville, N.C. are pleased to announce the engagement and forthcoming marriage of their daughter Emily to Matthew Jacobson of Santa Clara, California.

Matthew is the son of Drs. Louis Jacobson and Catherine McHugh of Sparta, New Jersey.

Emily is a graduate of Elon University and The UNC Gillings School of Global Public Health and is employed by the VA Hospital System in Palo Alto, CA.

Matthew is a graduate of Duke University and is employed by Apple in Cupertino, CA. An Autumn wedding will take place in Western North Carolina.

When kids help care for the family dog, they are learning responsibility and empathy. Giving age appropriate tasks for your child to do in caring for the dog can also build the child's self confidence.

Experts overwhelmingly agree that caring for the family dog is very good for a child's sense of responsibility and self-confidence.

Kids who have a dog depending on them for care learn what it means to care for another living creature. It will also help teach commitment, knowing that the dog must be cared for every day because he can't do it for himself.

Age appropriate tasks are important so that the child doesn't feel inadequate or overwhelmed.

A very young child can help measure out the dog's food and put it into the bowl, or let you know when the water bowl needs filling.

A little older child could be involved in grooming the dog, brushing him with help from you on how to do it gently, and putting the dog's toys away at the end of the day.

Most any age child can play with the dog so that the dog gets some exercise, and of course the child is getting exercise, too!

The older child can be expected, after teaching him, to bathe the dog, walk the dog, and help with routine medication like flea and tick prevention. The older child can also help train the dog to learn important things like come, sit, stay, etc.

If a child slips or forgets to do his part, this can be used as a teaching moment. Talk with them about why they forgot, or just didn't take care of the dog as expected.

Don't scold or shame the child. Help your child understand that the pet has needs, and it is our responsibility as humans to fulfill those needs.

Children learn by example, so model the behavior you want in your children. Be a good role model, so it will become easier and more logical for the child to do the pet care.

Yes, having your kids help with pet care can slow things down and be inconvenient, but the reward of having a more responsible and more empathetic child, and a happy well-cared for dog, is worth it!
